Subject - Crops condition in the plain of Tulharm/s/

Reference - your No 13 dated 13.5.39

I beg to report you that the condition of Barley and legums in the plain of Tulharm s/D are average and good, but the condition of wheat is good and average in some villages and poor in the others owing to the stagger seeds which thing that these seeds were under irrigation. The percentage of damages as following.

Qalansma	25%
Fara'an	30%
Irtah	30%
Tulharm	25%
Shunich	35%
Qaqun	60%
Atil	35%
Zinta	30%
Jat	25%
